Application No. 09/741,814	:	DECISION ON
Filed: December 22, 2000	:	PETITION
Title of Invention:	:	
B-TUBULIN INHIBITORS	:	

This is a decision on the petition for revival of an application abandoned unintentionally under 37 CFR 1.137(b), filed March 7, 2005, to revive the above-identified application.

This Petition is hereby granted.

The above-identified application became abandoned for failure to reply in a timely manner to the final Office action, mailed July 14, 2004. The Notice set a shortened statutory period for reply of three (3) months from the mail date of the Notice, and also provided for extensions of time under 37 CFR 1.136(a).

An Amendment, filed December 14, 2004, failed to place the application in condition for allowance. Applicant was so notified in an Advisor Action, mailed February 10, 2005.

Accordingly, the application became abandoned October 15, 2004. The mailing of this Decision precedes the mailing of a Notice of Abandonment.

With the instant petition, Applicant has filed a divisional application.

Having found that all of the requirements for a grantable petition under 37 CFR 1.137(b) have been met, **this petition is hereby granted.**

This application is being revived for purposes of continuity only, and since continuity has been established by this decision reviving the application, the application is abandoned in favor of divisional application 10/072,334, filed March 7, 2005.

This application is being referred to the files repository.

Telephone inquiries related to this decision may be directed to the undersigned at (571) 272-3232.
